

## From Soil to Table: Building Vibrant Health from the Ground Up

August 20-21, 2024 - Union, WV

Join **Steve Campbell** of **Tailor Made Cattle** and **Maureen Diaz** of **God's Good Table** for an informative, encouraging, and enlightening 2 days spent "digging into" how the biology in the soil helps to grow the plants and animals that NOURISH our families and communities.

We will spend day 1 focusing on human health and nutrition, while day 2 will focus on livestock health and nutrition. Lunch is included each day. You will learn about Biblical nutrition; how to incorporate natural healing and God-given foods into your daily life; traditional food preservation, creating healthy soil for the backyard garden and the small scale farm; livestock nutrition, mineralization, and detoxification; how to "see" the best shape of cows that are fertile and easy to keep; how to improve the health of livestock without breaking the bank; and more!
